

# BARN FRESH PLUS® ODOR AND AMMONIA CONTROL

- 1 Odor Control**
- 2 Lowers Moisture**
- 3 Reduce Cost**

## Healthier Environment *for Livestock and Poultry Facilities*

### 3 in 1 SOLUTION

#### WHERE DO YOU APPLY BARN FRESH PLUS®?

Barn Fresh PLUS® can be applied, safely and easily, to all surfaces using a drop-style fertilizer, spreader or manually.

#### SUGGESTED APPLICATION RATE:

40 lbs per 500 sq. ft.  
Repeat as needed.

#### WHO IS USING BARN FRESH®?

Barn Fresh Plus® is being used by the Dairy, Hog, Poultry and Exotic animal industries.

#### BACTERIA

Kills 99% of Clostridium, Salmonella, E. Coli, Staphylococcus, K. Pneumoniae and Enterobacter.

#### IS BARN FRESH PLUS® SAFE?

BARN FRESH PLUS® is thoroughly tested and is completely safe for all animals.

#### Barn Fresh Odor Control

Lowers pH levels, which ties up and neutralizes harmful ammonia, creating a safer and healthier environment for all types of animals.

#### Barn Fresh Moisture Control

Absorbs its own weight in moisture, inhibiting the growth of bacteria safely and naturally.

#### Barn Fresh Reduces Cost

Saves time and money by reducing bedding, ventilating, heating and labor cost.

Fresh Sense  
*Technology*

Fresh Sense Technology is a pH adjuster that lowers ammonia levels and eliminates odors with a moisture-activated

scentsing agent. Barn Fresh PLUS® contains Diatomaceous Earth & Calcium Montmorillonite plus an **Antimicrobial agent** that controls growth of bacterial odors.

**absorbent**
